SUMMARY

Full stack web developer, with experience building web apps in both Node.js and Rails, including Angular.js for a dynamic front end experience, and both Postgres and MongoDB for databases. I'm passionate about design, the front-end, and always develop with the end user in mind.

SKILLS

Web Development

Languages Javascript, Node.js, Ruby, HTML5, CSS3

Frameworks Express.js, AngularJS, Rails, Sails.js

Database Tools Postgres, MongoDB, Sequelize

Authorization Bcrypt

Testing RSpec, Jasmine

Other Git/GitHub, Heroku, jQuery, AJAX, JSON, Bootstrap, Jekyll

Professional

Leader, project management, training, problem solver, team oriented, critical thinker, self-starter, creative

EXPERIENCE

March 2015 - present
Web Developer, Microsoft

- Front-end web development on the IoT (Internet of Things) team, designing and developing the portal site. Using Javascript, Angular, jQuery, HTML5, CSS3 and Bootstrap for a modern, dynamic site.
- Node.js development for backed automated tasks.

November 2014 - February 2015
Student, General Assembly

- Full-time immersive coding boot camp, building web apps using MEAN stack and Ruby on Rails.
- 70+ hours per week, including classroom learning, daily homework problems and building full scale web apps for projects.
- Graduated with extensive experience in building web apps from front-end to back-end. Worked both individually and on teams to complete projects on time.

August 2011 - October 2014
Music/Production Director
Mars Hill Church

- Built and oversaw a team of 30+ people in music and live production.
- Worked with digital audio consoles, Pro Tools and Logic software for both live and recorded audio.
- Responsible for technical systems including audio, video and lighting.
- Recorded an album that was released internationally.
- Auditioned and developed musicians and trained all volunteers.

January 2009 - August 2011
Real Estate Appraiser
Epic Appraisal

- Completed appraisals on residential properties in Snohomish, King, Pierce and Thurston counties.
- Took lead on all aspects of appraisals, both onsite and in research.
- Completed 1800+ hours of apprenticeship and 200+ hours of classes in preparation to become a WA state certified appraiser.

August 2005 - January 2009
Associate Creative Arts Director
Evergreen Christian Community

- Assisted in oversight of band and production teams.
- Co-launched after school arts program and taught classes in guitar, drums and band.
- Oversight of events and weekly services.

EDUCATION

2003 - 2007

Saint Martin's University
Bachelor of Arts of Degree

INTERESTS
